the ARYSTO COLLECTION

The MERLYN Arysto collection offers the perfect mix of ultra-modern design and expert craftsmanship, producing stunning shower enclosures that make the perfect centrepiece in your bathroom.

Revolutionary state-of-the-art technical innovations are used across the collection to achieve designs that have a beautifully crafted visual balance, making the virtually frameless enclosures gorgeous to look at and a pleasure to use.

Our flawless designs captivate with smooth flowing curves, crisp contemporary lines and show-stopping innovations. Whether you're relaxing or recharging, a MERLYN Arysto shower will transform your bathroom into a luxury escape.

Thank you for choosing a MERLYN Arysto shower.

The MERLYN Team

ARYSTO SIX

The beautiful ARYSTO SIX range is a unique designer 6mm semi-frameless product that brings a minimal, sophisticated style to any bathroom. The signature glass cut-away creates a floating appearance that has been crafted to amplify and accentuate the lightness of design, without compromising the performance of the product.

- Height 1950mm
- Signature glass cut-out creates a crisp minimal enclosure
- Soft close rollers that glide to an extra smooth close

INDULGE IN THE ULTIMATE SHOWERING EXPERIENCE

ARYSTO EIGHT

Introducing the stunning 'virtually frameless' ARYSTO EIGHT range, guaranteed to transform your bathroom space. Subtle design detailing such as the ultra slim frame has been used to enhance the 'virtually frameless' quality of the range. The chamfered edges reflect ambient light reducing the visual impact of the enclosures.

- Height 2000mm
- Ultra slim profiles and subtle design detailing enhance the quality of these enclosures
- Ultra smooth rolling action ensures this door effortlessly glides open and closed

ARYSTO TEN

Smooth flowing curves, crisp contemporary lines and stunning frameless designs encapsulate the design essence of the ARYSTO TEN range. The innovation behind the design takes this range to the next level of luxury. The integration of the Halo Handle and profiles using soft ambient LED lighting create a definite showstopper in any bathroom. This range is beautifully crafted, available in every shape and size imaginable with many luxury Bespoke options available.

- Height up to 2015mm
- Designer hinges highly engineered to ensure smooth and solid opening and closing
- Bespoke options available

ARYSTO TEN

The stunning ARYSTO TEN Collection is the result of years of design and engineering research. This range showcases unique and stylish features like the show stopping Halo Handle, as well as innovative design and engineering solutions like the AirGlyde Dual Track Rolling System.

These stunning and luxurious shower enclosures have been beautifully crafted using the highest quality materials.

Exquisitely designed, expertly manufactured, the ARYSTO TEN Collection is the next level.

3 Panel Sliding Door with Side Panel shown as Left Hand (L) - featuring Halo Handle and Halo Profiles.

EXQUISITE DESIGN OPTIONS AT YOUR FINGERTIPS

Smooth flowing curves, crisp contemporary lines and stunning frameless designs encapsulate the design essence of the ARYSTO TEN range. It is a beautifully crafted, comprehensive range of 10mm shower enclosures available in every shape and size imaginable; with sliding and quadrant doors, hinged doors, wetroom panels and many luxury bespoke options available.

ARYSTO TEN

THE HALO EXPERIENCE

This enchantingly designed Halo experience, emits a warm soft glow from the beautifully designed frame and interactive Halo Handle. The Arysto premium lighting feature is a revolutionary addition to the market, and its highly innovative design is exclusive to MERLYN. Powered by the latest in LED lighting technology that reacts to the movement of your hand and emits a warm, ambient glow each time. This unique feature is a top of the range accessory and guarantees a truly luxurious showering experience.

THE FINISHING TOUCHES

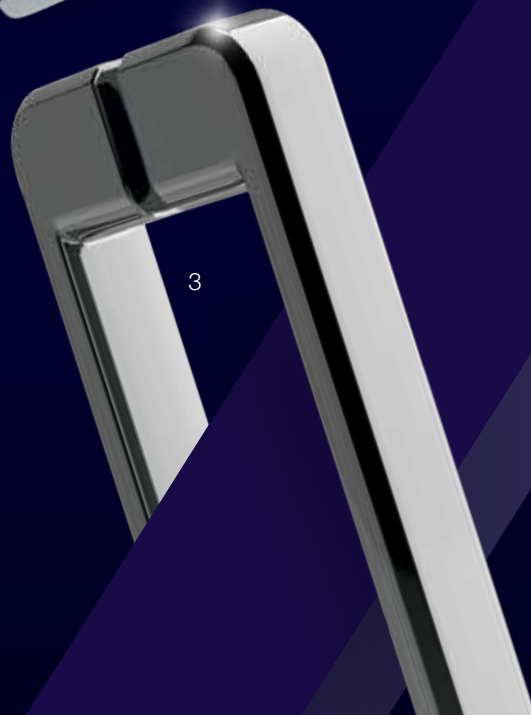

We use only the finest materials in our products, and nowhere is this commitment to quality more evident than in our enviable selection of beautifully designed handles and hinges. Available in a range of on-trend colours and styles, our expertly crafted handles are designed to perfectly complement the smooth curves and dramatic lines of our luxurious glass enclosures.

ARYSTO TEN

THE BESPOKE COLLECTION

THE BESPOKE COLLECTION

The Arysto Bespoke Collection has everything you need to create that unique showering experience. Whether your preference is for an ultra modern wetroom or something more unique for your attic conversion. The Bespoke Collection allows you to tailor any of our already stunning enclosures/ wetroom panels to create a truly unique enclosure for your bathroom.

Choose from an array of options such as 4 glazing finishes, UV Bonding, increased heights and widths and the ability to cut to almost any shape or size to fit any awkward spaces, creating that perfect showering experience in your home. Factor in the reliable survey and installation services as well as the Lifetime Guarantee and you've got added peace of mind.

CHROME OPTION AVAILABLE ONLY.

Installation and Survey Service

MERLYN Arysto offer a Survey and Installation Service as we understand that creating your dream showering enclosure can be difficult, especially if dealing with awkward spaces. We have a team of highly skilled and experienced professionals who are trained to survey for varying slopes and angles, look for 'out of true' walls and assess that your choice of enclosure is suitable. Prices available upon request. **Please note:** The tray or wetroom floor must be installed and walls finished/tiled before any site survey can be done.

ARYSTO EIGHT

The Red Dot award winning ARYSTO EIGHT range elevates any space it occupies. Subtle design detailing has been used to enhance the virtually frameless quality of the range. The chamfered edges of the ultra slim frame reflect ambient light reducing the visual impact of the enclosures.

Every detail has been very carefully designed within this range - many of the standard design features have been redeveloped to ensure we maintained the integrity of the design and aesthetic we set out to achieve.

This tray is sleek and ultra slim creating a modern and contemporary feel. At only 25mm high this tray can be fitted flush to the floor encompassing all the benefits of a wetroom floor and accessibility but without the costly wetroom installation.

Features & Benefits

- › Ultra slim 25mm low level tray.
- › Sleek minimalist design.
- › Discreet integrated waste cover.
- › Can be fitted on or level with floor.
- › The Level25 tray is capped with an easy to clean surface that provides a chemical resistant, anti-bacterial solution due to it's ultra-smooth, non-porous surface.
- › Comes with 90mm fast flow waste.
- › Shower tray 25 year guarantee.
- › Available in square, rectangular and quadrant trays.

Waste Cover

Please ensure that the shower head is not positioned directly over the waste as this may restrict flow rate.

This product is handed – please choose L for Left and R for Right when ordering.

Features & Benefits

- > 40mm in height.
- > Handcrafted from high grade stone resin.
- > Integrated discreet waste.
- > Luxurious matte textured finish.
- > Comes with 90mm fast flow waste.

A highly engineered tray providing rigidity and strength and combined with a relatively low weight. MStone trays are ideal for 'low level' installation. Alternatively, you can raise your tray and in such cases you will need the MStone shower tray panel kit.

Features & Benefits

- › Double skinned for added rigidity.
- › 50mm high to achieve minimalist design.
- › 130mm high including tray panel set.
- › The MStone tray is capped with an easy to clean surface that provides a chemical resistant, anti-bacterial solution due to it's ultra-smooth, non-porous surface.
- › Comes with 90mm fast flow waste.
- › More than 30 sizes available.
- › Available as low level or with tray panel kits for easy installation.
- › Shower tray lifetime guarantee.

PRODUCT INFORMATION

- ▶ All products are manufactured in accordance with EN 14428 and utilise toughened safety glass to EN 12150. Electrical products comply with all relevant European standards including RoHS, WEEE and IP ratings.
- ▶ All doors feature adjustable wall profiles to compensate for out-of-true walls and have micro adjustment features for fine tuning to obtain a perfect fit and operating action.
- ▶ All wall hinge doors need to be fixed to a solid wall or adequately secure fixing.
- ▶ All standard products are supplied complete with full installation instructions and the necessary fixings.
- ▶ Bespoke sizes cannot be cancelled once order has been processed.
- ▶ Product descriptions do not imply the use of precious or valuable materials.
- ▶ Bathscreens are not designed to fit on baths with stepped fronts roll top rims or integral soap dishes.
- ▶ Standard Products - Opened cartons can not be returned. Returns carry a £40 single box charge or £60 per unit where the sale is less than 30 days old. Returns over 30 days old will not be accepted. MERLYN do not accept returns on any bespoke products.
- ▶ ARYSTO TEN by MERLYN is frameless in design. Spray/mist may escape therefore we would recommend use of these enclosures with tiled floors.
- ▶ Water retention is maintained in all products under normal showering conditions. Water jetted, with pressure, directly at joints, seals or openings can naturally force an exit.
- ▶ All enclosures, wetrooms and panels are Power Shower approved – will retain water under normal showering conditions.
- ▶ Only shower enclosures, panels and bath screens are covered by the lifetime guarantee. Please contact the MERLYN sales team for more details.
- ▶ For full details on all product ranges please contact MERLYN.
- ▶ Glass shattering and parts subject to wear are not covered by the lifetime guarantee. Electrical products have a 5 year guarantee and are not covered by the lifetime guarantee.
- ▶ Chrome and Nickel components may differ due to the use of different materials. Please check with your MERLYN Arysto dealer for accurate matching of material samples.
- ▶ Images are for illustrated purposes only. The colours and finishes shown in the catalogue are as accurate as possible within the limits of the printing process. The positioning of all showering heads in the brochure is for illustrative purposes only.

N.B. We strongly recommend that you use a MERLYN recognised Surveyor and Fitter. CAD or scaled drawings are required especially for sloping panels and panels with dwarf walls. All drawings need to be signed off.

LIFETIME GUARANTEE

At MERLYN research and development is an integral part of the business. All products go through rigorous testing processes so much so that we can confidently stand behind our products and therefore we offer a Lifetime Guarantee covering all manufacturing defects ensuring ultimate peace of mind.

Glass shattering and parts subject to wear are not covered by the lifetime guarantee. Electrical products have a 5 year guarantee and are not covered by the lifetime guarantee.

Please note that the Mershield is not covered under the guarantee as it is solely dependent on the owner's water supplier and the level of care and maintenance it receives.

CE AND EN INFORMATION

The CE marking on MERLYN Arysto enclosures is a declaration that the product complies with the essential requirements of the relevant European health, safety and environmental protection legislation.

Often consumers will consider CE marking on a product as an indication of conformance to laid down minimum standards and therefore, a minimum level of safety which other products may lack. CE marking is for many consumers a "Symbol of Safety."

MERLYN invests heavily in its product development and as such guarantees that its glass fully complies with regulations and is manufactured in accordance with BS EN 14428. The rigorous testing of the glass ensures that the endurance, stability and water retention criteria meet high industry standards.

All electrical products comply fully with relevant regulations.

The CE marking on a product indicates to government officials that the product may be legally placed on the market in their country. This ensures the free movement of the product within EFTA and European Union single market and permits the withdrawal of the non conforming products by customs and enforcement authorities.

IMPORTANT

For bespoke sizes please provide overall measurements i.e. tile-to-tile or tile-to-outside edge of tray, all surfaces including trays, walls and floors, all angles and cut-outs etc.

MERLYN accept no responsibility for any incorrect measurements and details provided by customers or retailers. Any order placed to correct the mistake is treated as a new order and will be charged as such. MERLYN do not accept any returns on any bespoke products.

Important Shower Tray Information

Although shower door and enclosure sizes are related to tray sizes it is important to note that most shower trays are tiled down to the rim, often over an "up-stand". The finished installation space may be less than the nominal tray size. MERLYN Arysto shower enclosures are made to suit this remaining space.

The illustrated guide (diagrams on right of page) may be helpful in taking measurements to determine the shower door or enclosure size required. Dimensions given in this publication are in millimetres, are approximate and may vary with adjustment. They are subject to change without notice.

N.B. Please note that when a tray is fitted it is essential that the tray is level before any doors or enclosures are fitted.

Tray

Ensure strong and secure joints between shower tray and walls, even in the event of floor settlement.

Please supply floor plans, photos, site condition details and note anything that might obstruct the product. Special sizes cannot be cancelled once the order has been processed.

Adjustment

This is the min and max adjustment of the actual enclosure. Always ensure the outer most part of the enclosure frame is

stepped in far enough from the edge of the tray so that the enclosure frame is sitting on a flat surface and can be sealed correctly. Some trays have larger rounded edges and may need a bigger step in. Ensure that the step in leaves adequate space for the product adjustment.

N.B. Take the measurements after the tray is installed and the walls are tiled.

Disposal and Recycling End of product life

When the product reaches the end of its serviceable life it needs to be disposed of safely and brought to or collected by an approved authorised treatment facility.

Batteries

Used batteries need to be disposed of responsibly and not with your normal household waste. Please contact your local authority for information on recycling and safe disposal.

IMPORTANT SHOWER TRAY INFORMATION

- It is up to the designer or installer to ensure that the tray and enclosure combination is arranged in such a way that water retention meets the customers needs.
- The waste has the capacity to carry away 29L/Min. High powered systems may exceed this. Please check with the manufacturer.
- Please ensure that the shower head is not positioned directly over the waste as this may restrict water flow rate.
- Please ensure that the colour and size of shower tray are as per your order before installation.

- You must inspect the product thoroughly before installation. Fitting the product is acceptance of quality.
- The trays are handmade from natural material. Please allow for height variances due to manufacturing tolerances.
- For open ended shower screens please consult your installer.
- Shower trays must be fitted as per the fitting instruction. Deviation from the pre installation checks or fitting installation will void the guarantee.
- When wet, the surface of the majority of shower trays will show an increase in the potential for slipping. This is particularly the case when soap, shampoo, bath oil etc. are used. It is important that designers, installers and users are aware of this.

CLEANING

- It is important to clean your MERLYN shower door after every use.
- Wipe down all the glass and metal parts with a soft cloth.
- Do not allow lime scale to build up in hard water areas.
- Ensure that any residual water on the glass is removed after every use.
- Clean the glass regularly using soapy water.
- Do not use abrasive products on any surfaces.
- Install the enclosure in a well ventilated area.

Information and Maintenance

Always read the instructions on the packaging. Chrome is vulnerable to acid attack and some strong household cleaners including strong disinfectants, denture cleaners, hair dyes, wine making chemicals and photographic chemicals may contain acid. These materials may have a varying effect on the surface from black spots/streaks (which cannot be removed) to pitting the surface. Contact with these materials should be avoided.

CONTACT

The MERLYN Arysto collection is available from specialist retail showrooms only. Our dedicated and highly trained Merlyn Sales Team are waiting to provide all the professional assistance and advice needed to help you choose the right enclosure.

For MERLYN Customer Service including product enquiries please call us on 0808 1011429 or visit our website at www.merlynshowering.com.

Due to our policy of continuous improvement we reserve the right to amend prices, specifications and designs without prior notice. April 2019. E&OE. Due to circumstances beyond our control, prices may be altered including changes to the V.A.T. rate at 20%.
